# The Clean Bus Planning Awards Program

Offering **free technical assistance** for developing comprehensive and customized **electrification plans** for transit and school **bus fleets** serving all types of communities.

## Who Qualifies?

School bus and transit bus fleets that are eligible under the EPA Clean School Bus Program and FTA Low or No Emission Grant Program. Visit [driveelectric.gov/clean-bus-planning-awards](https://driveelectric.gov/clean-bus-planning-awards) for eligibility and priority criteria.

## Why Apply?

- Get a step-by-step plan tailored for your fleet electrification.
- Increase the likelihood of success in getting your electrification project funded and off the ground.
- Opportunity to receive free deployment assistance, closing the gap between planning and implementation.

## How to Apply?

Visit [driveelectric.gov/clean-bus-planning-awards](https://driveelectric.gov/clean-bus-planning-awards) and fill out an application today. The program accepts new applicants on a rolling basis.

### About the Joint Office of Energy and Transportation

The Joint Office is a collaboration between the U.S. Departments of Energy and Transportation to support the buildout of a nationwide network of electric vehicle chargers, zero-emission fueling infrastructure, and zero-emission transit and school buses.
