

# Multifamily Weatherization Resources: Getting Started

Kiersten Kelley, technical project manager,  
National Renewable Energy Laboratory  
(NREL)

March 2024, National Association for State Community  
Services Programs (NASCSPP) Winter Training Conference

# 2023 Continuous Improvement Workshop

Identified needs for:

- Clear understanding of U.S. Department of Energy (DOE) requirements for multifamily weatherization.
- A centralized resource “hub” for multifamily weatherization.
- Help with outreach and relationship building with multifamily building owners and managers.
- Technical training resources:
  - Measure installation.
  - Diagnostic testing.
  - Utility bill analysis.
- Research and communication resources for non-energy impacts (NEI) of multifamily weatherization (indoor air quality and health benefits in particular).

# Multifamily Resources in Development

- Updates to the Multifamily Job Task Analyses.
- Updates to the Multifamily Tool for Energy Audits (MulTEA).
- NREL multifamily technical assistance program (spring/summer 2024).
- New WAP Learning Management System trainings: Leveraging funds for multifamily weatherization (fall 2024).

# NREL Multifamily Weatherization Support

*Photo Credit: Powerpoint stock image*

- Coming later this year: multifamily weatherization technical assistance program.
- Based on the types of technical assistance requests, NREL will develop resources to share publicly.
  - Might include: multifamily audit technical resources, getting started in multifamily guide, etc.

# What do you need?

*Photo Credit: Powerpoint stock image*

- What have you seen that can help your program today?
- What is missing? What assistance or resources do you need to get started on or grow your multifamily program?

# Thank You!
