# Coordinator Toolbox

[www.ccities.doe.gov/toolbox](http://www.ccities.doe.gov/toolbox)

April 2001

U.S. DEPARTMENT of ENERGY,  
OFFICE of ENERGY EFFICIENCY and RENEWABLE ENERGY

The Clean Cities Web site now features a new section developed just for Clean Cities coordinators! It's called the "Coordinator Toolbox" and will assist coordinators in doing their jobs. This resource, which can be found from the Clean Cities homepage, provides important information, related links, and useful tips.

### Coordinators can find:

- Tips for writing strong grant proposals
- Helpful logos and PowerPoint presentations
- Opportunities to share information and learn from others
- Useful vehicle and refueling information
- Important contact information
- Assistance for working with the media
- And much more!

This is also a great Web site for NEW coordinators. An entire section is dedicated to helping new coordinators come up to speed with their responsibilities.

### We want your feedback!

This site was developed specifically for Clean Cities coordinators. We need to know if it helps you with your daily work, inspires new ideas, and provides you with the useful information you need. Please e-mail your comments to Wendy Dafoe at [wendy\\_dafoe@nrel.gov](mailto:wendy_dafoe@nrel.gov).

Sponsored by the U.S. Department of Energy • Energy Efficiency and Renewable Energy • Office of Transportation Technologies  
Prepared by the National Renewable Energy Laboratory (NREL)  
NREL is a U.S. Department of Energy National Laboratory • Operated by Midwest Research Institute • Battelle • Bechtel  
NREL/FS-540-30127 • April 2001 • Printed with a renewable-source ink on paper containing at least 50% wastepaper, including 20% postconsumer waste.
